

SKAGIT FUN FLYERS FLYING RULES

DUE TO THE INCREASED NUMBER OF FLYERS, WE HAVE INSTITUTED THE FOLLOWING RULES FOR ALL

- 1) Indoor aircraft can be powered by electric motors, CO₂ motors, rubber band or free flight. NO INTERNAL COMBUTION ENGINES.
- 2) All pilots will be required to have lead acid car batteries in a clean battery container for safety and protection of the gym floors.
- 3) Any battery that is charged using an A/C outlet must be charged in a fireproof container (Pyrex bowl or charging container purchased from a hobby shop).
- 4) Flying schedule will be posted each night. No changing or mixing of the class size or classes at any time. Flight schedule may be changed by the B of D the night of the fly-in based on pilot attendance and type of aircraft members present.
- 5) All children MUST be supervised by an adult.
- 6) Absolutely NO CLIMBING ON THE BLEACHERS.
- 7) All pilots MUST be signed in (our insurance requires this).
- 8) Normal flight rotation is counter clockwise.
- 9) Any accident or injury, no matter how slight, MUST be reported to one of the B of D members present.
- 10) All Sedro-Woolley School District rules will be followed.

Any B of D member (fly-in official) will have the power to ban from the floor any aircraft or pilot that is not in compliance with the above rules.

BOARD OF DIRECTORS
